The Barrel Loft at Woodinville Whiskey Co.

Our neighbor, Woodinville Whiskey Co., is one of Washington State's pioneering and most sought after craft distilleries. Woodinville Whiskey Co. combines select Washington-grown grains, fresh Cascade mountain water and a handmade production process. Woodinville Whiskey Co. and The Hollywood Tavern team up to provide unique events and experiences in the distillery space.

The Hollywood Tavern provides fun and tasty menu selections for seated dinners as well as reception style events. We offer a variety of beverages including champagne, local wines and beers as well as specialty craft cocktails.

The Barrel Loft at Woodinville Whiskey Company brings the warmth and comfort of the historic Hollywood Tavern to an expansive event space. The copper pot still and 25-foot distillation columns emerge from the floor to become a showcase for guests and passersby. The Barrel Loft connects to an outdoor patio nestled among the retired railroad tracks above. The Barrel Loft can accommodate 100 guests reception style and seated events have a maximum of a snug 60 with 10' Farm Tables and 72 with 5' square Farm Tables. These capacities may be expanded with tented extensions and the use of the adjacent patios and outdoor space.
